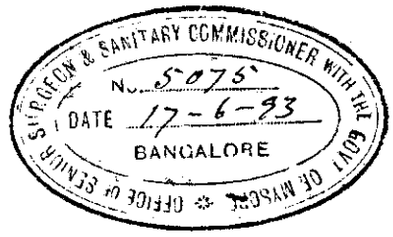
MYSORE



To

The Chief Secretary to the
Government of Mysore
Bangalore

Sir,

I have the honor to forward herewith for orders of Government letter No 115 dated 3d May 1893 from the assistant Surgeon, Kolar, intimating that the Municipal Board of Kolar are desirous of opening a dispensary in the Pettah there for women and children under the management of a female Hospital Assistant.

2. I am very doubtful if I can spare a female Hospital Assistant for the proposed dispensary at Kolar.

3. We have at present only three female Hospital Assistants viz Sarah patton, Louisa Patton and Salomi Paul.

4. The first is engaged at the

Maharances Hospital, Mysore, and cannot be spared from there until the return of Miss Govindarajulu, the second is doing duty at the Maternity at Bangalore and will be sent to Chick-magalur to take charge of the dispensary sanctioned in Government Proceedings No 15600-10 dated 22d March 1893 as L. F. 4-92 soon as a house and furniture are ready, which will, I understand from the Deputy Commissioner, be about the 1st proximo, and the third Miss Salomi Paul, is the only reserve one I have, to take the place of either of the other in case of leave illness &c.

5. If there is no reserve in the event of any one of them getting ill or going on leave one dispensary would have to be either closed temporarily or put in charge of a male Hospital Assistant for the time. If Government consider this risk may be run I am prepared to send one to Kolar.

6. The new female Hospital assistants

assistants recently sanctioned to be trained will not be available for four years and I have just heard from the Principal of the Med. College, Madras that no female assistants already qualified are procurable.
